

# Middle School Celebrates India's Republic Day

**Parades, flags, and patriotism! Yes, it was the spirit and fervour of Republic Day all around!**

**Today, on the 27<sup>th</sup> of January, we gathered in Kalindi, our Multi-purpose hall, to celebrate and honour our beautiful Motherland India, its relentless fight for freedom, and its success in establishing the largest democracy in the world.**

**To start the assembly, Khushi Mishra, the Middle School Student Council President, made a heartwarming speech about the hopes and dreams of the Indian men and women who made this day possible. Following this, Saarah, Riya and Bani shared with all of us a presentation on the history of our much-valued Republic Day, along with a fun-filled quiz that had the audience on their toes! The quiz was very interesting and was a great way to revise our facts about the Journey of India towards becoming a Democratic Republic.**

**Subsequently, Mr Sumit Dargan, the Middle School Principal, shared some thoughts regarding the Republic Day. He laid emphasis on the effort and sweat put in by our ancestors to ensure that their future generations could live in peace, and how we all need to reflect upon their actions and honour these people.**

**Our Middle School choir sang an empowering song called "Pyaaar Ki Shamma" in such melodious voices that the audience clapped in rhythm and enjoyed it!**

**Last but not least we had the Indian National Anthem with everyone pitching in together in perfect harmony.**

**"Jai Hind!"**
